Re: Re-mailing of Affected New Business & Renewal Declarations for Policies
Without Building Code Upgrade or Ordinance or Law Coverage

Effective: Immediately

This is to advise you that by mistake, some renewal policies with effective dates of January 1, 2010 or later, and New Business policies with effective dates of November 1, 2009 or later were issued without the statutory wording reminding policyholders that their policies do not provide Building Code Upgrade coverage, which we have updated and now call Ordinance or Law coverage.

Therefore, in compliance with Insurance Code Section 10103, we are mailing to affected policyholders corrected Renewal Certificates and New Business Declaration pages that include the required wording. A letter explaining the reason for the revised declaration page is also being sent and can be viewed by clicking [here](#).

All coverages, effective dates, and premium amounts remain the same for the affected policies. We apologize for any inconvenience this may cause you or your clients.
